

Clarifying Face Mask

Phase	Ingredient	INCI designation	%w/w	Supplier
A	Sucragel CF	Glycerin, Caprylic/Capric Triglycerides, Aqua, Sucrose Laurate	15.00	Alchemy
A	Labrafac CC	Caprylic/Capric Triglycerides	58.00	Gattefossé
B	Microzest 50 Rice	Oryze Sativa Powder	4.00	Lessonia
B	Microzest 50 Coconut	Cocus Nucifera Shell Powder	2.50	Lessonia
B	Glycerin	Glycerin	15.00	-
C	Clay	Kaolin	5.00	-
D	Fragrance	Essential oil blend	0.50	-

DESCRIPTION:

Brown creamy oily gel. Leave on the skin for 10 minutes and wash off with water turning the mask into a luxurious creamy milk leaving the skin soft and supple.

MANUFACTURING PROCESS:

Add the Caprylic/Capric Triglycerides into the Sucragel under propeller stirrer. Add the oil very slowly and increase the speed and height of the stirrer as the gel thickens.

Mix together the powders in Phase B with the glycerine.

Add Phase B into Phase A under a propeller stirrer.

Slowly stir in Phase C.

Stir in Phase D.

STABILITY TESTS:

Stable at least 3 months at 45°C.
